

MILOPS Meeting Minutes

Meeting Logistics	
Meeting Title:	MILOPS Domain September 2022 Meeting
Meeting Location:	Microsoft Teams Virtual Conference
Co-Chairs:	Katherine Escobar, Beth Smalley
Secretariat	Lavdjola Farrington
NBAC Liaison	Steven Sullivan
Date of Meeting: (MM/DD/YYYY)	14 Sept 2022
Minutes Prepared By:	Lavdjola Farrington

Purpose of Meeting
MILOPS Statust Update & Information Brief

Agenda / Discussion

1. Opening Remarks; Beth Smalley

- a. Ms. Smalley provided an overview on what would be covered in today's meeting and requested that anyone that is new, or the invite was forwarded or is dialed in to provide their information in the chat or email to us.

2. Review NIEM Open MILOPS Charter; Beth Smalley

- a. Ms. Smalley provided an update on the NIEM MILOPS charter which is shorter than the older one. It was rewritten to follow the OASIS guidelines. It focuses on authority and overview. All other information, operational information will be found in the Operational and Maintenance Documents which we are in the process of reviewing. The charter is ready for signature, but we are waiting for the official transition to OASIS.

3. NIEM Open OASIS Transition Status; Steve Sullivan

- a. Mr. Sullivan provided a status update on NMO. We had a NIEM Annual meeting in August focused on OASIS Transition. This was meeting with NTAC and NBAC.
- b. We currently have 3 sponsors to include JS J6, DHS Science & Technology, & Equivant (a private software development company).
- c. Within about a month we will have a presentation of the NIEMOpen.org website
- d. NTAC and NBAC governance documents have been submitted and there is a draft for a NIEM management office governance document that is being prepared. These documents will be reviewed and voted on October 20th by the PGB.

4. NIEM 5.2; Christina Medlin

- a. Ms. Medlin provided an update on the 5.2 release. This is a minor release which includes updates to domains and code sets.
- b. Alpha release has been put out, currently we are working on Beta 1. We are looking for bug fixes.
- c. Changes that we are making are to the Cyber Domain, Learning and Development Domain, and MILOPS Domain. For the MILOPS Domain they will be adding MEM and USMTF additional content.

5. Cogent Way; Jeff Iannazo

- a. Mr. Iannazo provided a status update on their engagement with MILOPS Community. Cogent way is a multiyear project advocated by JS J2 which implements and refines Target Mission Architecture Integrated Operations & Intelligence (TMA IO&I). It addresses data and systems engineering gaps. There is a lot of mission-essential data used by operators and intelligence analyst are not understood by machines. The goal is to get the machine to understand the content of the data so that it's relevant to the fight.
- b. They will continue their work in the next 12 months and welcoming new partners. They have a new effort from AFRL – Data Sculptor for Operation (DSO). They believe it applies to a large part of the mission space and it doesn't compete with existing data management systems, but it compliments them because it consecrates on getting machine understandable content.
- c. If you are implementing NIEM in a way that helps you accomplish your mission, Mr. Iannazo and his team would like to know how you are using NIEM today. It will help them gain more knowledge and see how they can improve and provide insight to you.

6. Closing Remarks; Beth Smalley

- a. NIEM Training Schedule

NIEMOPEN

Questions, Decisions, Issues
No Questions.

Action Items <i>(add rows as necessary)</i>		
Action	Assigned to	Due Date
MILOPS Minutes 1 st Draft	Tracy Mayers	16 Sept
MILOPs Minutes 2 nd Draft	Tracy Mayers	20 Sept
MILOPS Minutes Final	Lavdjola Farrington	21 Sept
MILOPS Slides to Aubrey	Beth Smalley	20 Sept
MILOPS Minutes Published	Aubrey Beach	22 Sept
MILOPS Slides Published	Aubrey Beach	22 Sept
Email to the MILOPS Community on the minutes and slides	Lavdjola Farrington	22 Sept

Next Meeting					
Date: (MM/DD/YYYY)	09/14/2022	Time:	1000-1130	Location:	MS Teams

Attendance		
Name	Organization/Affiliation	Purpose
Aziz, Kashif	NAVCRIMINSERV DC	
Chipman, Charles		
Conner, Wendy	USN NAVCRIMINSERV
